KEY SKILLS

- Machine Learning Algorithms • Data Analysis Techniques • Artificial Intelligence • Deep Learning
- Natural Language Processing (NLP) • Mathematics • Statistical Analysis • Data Wrangling
- Data Visualization • Problem Solving • Version Control • Business Intelligence Tools • Reporting

TECHNICAL SKILLS

Tools/Languages: Python, SQL, Power BI, Tableau, Google Analytics

Database: MySQL

MS Office

EDUCATION

International Institute of Information Technology, Bangalore | Bangalore, IN Dec '23 - Present

Post Graduate Diploma in Data Science & AI

Jawaharlal Nehru Technological University | Hyderabad Sep '10 - Jul '14

Civil Engineering - 65%

PROFESSIONAL EXPERIENCE

Fabtech International LLC | Dubai, UAE Sep '19 - Jul '22

Engineer

- Led data projects, boosting efficiency by **20%** with **Tableau** and **Python**
- Reduced project timelines by **20%** and saved **\$10,000** through collaboration using **Jira** and **Microsoft Project**
- Streamlined data processes, driving a **25%** revenue increase and **15%** productivity boost with **Excel** and **Power BI**

Abhilka Technical Services LLC | Dubai, UAE Nov '14 - Mar '19

Jr Engineer

- Enhanced construction processes with **AutoCAD**, improving project efficiency by **30%**
- Automated bill of quantities with **Excel** and **Oracle**, increasing speed by **50%** and achieving **80%** accuracy in quotations
- Streamlined budgeting and invoicing through **Excel**, resulting in a **40%** reduction in processing time
